

FOREWORD

We take pleasure in releasing BULLET CLASSIC EFI Spare Parts Catalogue.

The Catalogue has been specially designed for selection of correct part number to maintain the vehicle, for its optimum performance, longer life and for enjoying the best running condition.

The Royal Enfield Spares are manufactured under stringent quality control to ensure ultimate riding experience. It is therefore important to use only Royal Enfield Genuine Spares.

Due to continuous improvement on performance and efficiency of the vehicle since this catalogue was printed, it is possible some illustration, designs etc., found within this catalogue may differ from those found on the vehicle.

Such modification will be conveyed through our Technical Service Bulletins, you are requested to update with the correct part numbers in this catalogue.

**Key
No.**

1. KEY NUMBER (KEY NO.)

The numeric key number is provided to serve as the identification of the part with its part number.

Serviceable assemblies or kits in a particular group are identified by alpha-numeric key numbers. e.g. A1, A2 etc. In such cases, key numbers of individual items or group number which make up such assembly / kit are given in illustration.

2. PART NUMBER

The Part number of the individual item, kit OR the assembly is given in this column for unique identification. The parts for which part numbers are not given, are not individually serviced.

3. DESCRIPTION

The description of the part assigned to the individual item kit / assembly is mentioned in this column.

4. QUANTITY

The number of individual items, kits or assemblies required for one vehicle is mentioned here.

Though quantity is indicated for oversize (O/S) or undersize (U/S) of some items , it is to be understood that for a vehicle the sizes only is applicable, depending upon the repair / matching requirements.

6. REMARKS

For Reference purpose.
